PROVING GROUNDS 2018

YOU'RE INVITED

JOIN US FOR A MEETING WITH GREGG SAUDER
AND 360 YIELD CENTER

AUGUST 21, 2018 • 360provinggrounds.com

360 Yield Center's Proving Grounds events are recognized as an enlightening "crash course" in agronomy and nitrogen management. Gregg Sauder has a unique ability to translate complex engineering concepts into relevant, practical tools that help us make more money.

Gregg and the 360 team will join us on Tuesday, August 21 via a live broadcast where he will share his insights into corn production and provide updates on the company's inventions and innovations.
